RIDESHARE IS THE BEST WAY TO GET AROUND

In Canada, **Uber & Lyft** are the 2 trusted rideshare companies. We recommend that you download both and price shop between them.

Uber

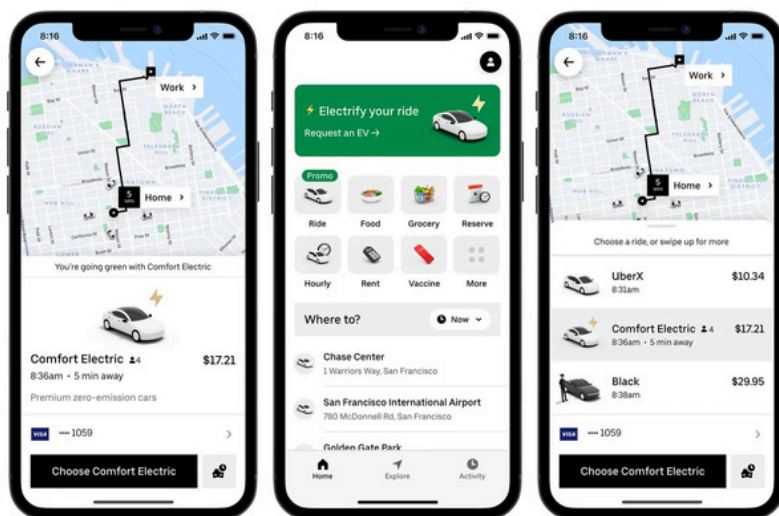

Uber Website

Lyft

Lyft Website

WHY?

- ✓ It's **cost efficient** - Typically getting an Uber or Lyft is cheaper than a Taxi
- ✓ It's **convenient** - You pay right on the app! When you set up your account you will add your credit card. This means that you do not give the driver money when they drop you off. Plus you aren't sharing a vehicle like you would for a shuttle AND it's 24/7!
- ✓ It's **reliable & safe** - Both rideshare apps allow you to track where your driver is at all points (before they pick you up and while you are in the vehicle). There are also safety features built into the app.
- ✓ It's **quick** - There are many Uber and Lyft drivers in the area, so you will typically get a pick-up within 10 minutes!
